

MESF: ELECTRIC ESCAPEMENT DEVICE

MESF2810

	MESF2810
Peak force	20 ÷ 40
Maximum Frequency	1 ÷ 2 Hz
Connection	3 poles PNP
Stroke	10 mm
Weight	550 g

- Plug & Play with standard M8 - 3 poles connector
- No programming
- Long life stepper motor
- Built in motor driver
- No electricity required for standstill operation

- Lightweight structure
- Fast opening/closing movements
- Integrated drive
- Magnetic sensor and mounting clamps optionally available
